Objective

I seek challenging opportunities where I can fully use my skills for the success of the organization.

Education

Course / Degree	School / University	Grade / Score	Year
BTECH(CSE)	Sri Vasavi Engineering College	7.68	2020-2024
Intermediate	Aditya junior college	8.3	2019-2020
Secondary Education	St Ann's English Medium School	9.2	2017-2018

Skills

- Java
- Sql
- Web development
- Machine learning

Projects

- **Info about the old and new automobiles and comparison**
My project focuses on providing concise descriptions of both bikes and cars, catering to automobile enthusiasts. This comprehensive resource offers clear insights into various automobiles, making it an invaluable tool for enthusiasts seeking detailed information about their favorite vehicles.
- **Fake News Detection**
The Fake News Detection project is geared towards developing algorithms and systems capable of effectively identifying misinformation and false information disseminated through various media channels. This project serves as a crucial tool in combating the spread of misinformation, aiding journalists, fact-checkers, and the general public in discerning credible news sources from deceptive ones.

Achievements & Awards

- Attended training program on python programming and SQL and certified by excelr
- Completed Java Full Stack Course and got certified in Excel.
- Participated in hackthon conducted by our college club
- Participated in Web Development using Django,APSSDC

Languages

- Telugu
- English
- Hindi
